This Declaration of Covenants, Conditions and Restrictions for Wildbriar Subdivision is made by Briar Creek Cattle Co. The Subdivision Wildbriar, being a planned unit development will be controlled by an Architectural Review Committee. This development will be used for no other purpose than residential dwellings which will have a designated common area and possible future common facilities for the benefit of the residents and their guests. In order to preserve the values and amenities the developer desires to subject the property, including any and all improvements constructed on the property to the covenants, conditions, uses limitations, obligations, easements, changes, assessments and liens contained in this declaration which are individually and collectively for the benefit of the property owner and the developer.

The developer desires the efficient preservation of the value and amenities in, and the enhancement of the charm and beauty of the residential community, Therefore the developer has created and organized an agency called the "Association" and has delegated and assigned powers and duties created by and in this declaration to the Association.

The Association will be responsible for the maintenance of the common area and any future common facilities, the administration and enforcement of the provisions of this declaration, and the determination, collection and disbursement of the maintenance fees and special assessments and charges (collectively "assessments").

When more than half of the lots plated are sold, the Association along with the Developer shall appoint individuals to serve on the A.R.C. with the Developer appointing three individuals and the Association appointing two individuals.

Any member of the Architectural Control committee may be authorized by the Architectural Control Committee to exercise the full authority of the Architectural Control Committee with respect to all matters over which the Architectural Control Committee has authority. Any decision by said authorized member will be, however, subject to review and modification by the Architectural Control Committee on its own motion or on appeal by the applicant to the Architectural Control Committee as provided herein.

Building plans of a reasonable scale, which shall include the floor plan and square footage, elevation, specifications, exterior finish, plot plan, and construction schedule must be reviewed by the A.R.C. and approved.

Within thirty days after receipt of all plans, the A.R.C. shall either approve or disapprove the plans. Written notice shall be given to the builder or owner specifying the reason for disapproval.

If the lot owner shall fail to receive written notice within thirty days, the plans or the proposed modifications or changes to the plans will be deemed to have been approved by the A.R.C.

The applicant may, within ten (10) days after receipt of notice of any decision which he deems to be unsatisfactory, file a written request to have the matter in question reviewed by the Architectural Control Committee, Such requests shall be reviewed promptly by the Architectural Control Committee. All such amounts shall be considered to be a special Assessment against the lot and the owners of such lot shall be personally responsible and liable for the payment of all such amounts immediately upon notice from the Association, and all such amounts shall become a lien against such lot which shall be enforceable by the Association.

Any annual maintenance or special Assessment upon any lot owned by a builder shall be 25% of the Assessment against each similar lot not owned by a builder.
- (e) Amount of Lien. Upon the default in the payment of any installment of an Assessment, the entire unpaid balance of all Assessments shall immediately be and become due and payable, unless the Board of Directors shall otherwise direct. In addition to the amount of the unpaid annual maintenance and special Assessments, the following amounts shall be considered to be special Assessments against the lot and the owners of such lot and shall be subject to the lien:

Such notice shall specify the work to be done and the time by which such work must be completed.

**Other regulations** - The use of the Common Areas, Common Facilities green areas and lake by the property owners, their guests and invitees shall be governed by the applicable rules, regulations and policies as from time to time promulgated by the Association.
